

# Homework Spring 1

Year 1/2

## Science

Carry out your own ice experiment at home – place three ice cubes (or more) in different places around your home (in beakers!) and predict which ice cube will melt the fastest, then record your investigation – take photos if you can!

## ICT

Research the Inuit people and create a poster about them. Who are they? How do they live? What is their culture like? What language do they speak?

## Art

Design and create a paper Mache Earth and label the UK, the Arctic and Antarctica!

## Maths

Talk to your child about how much each coin will buy – what could you buy with 1p? With £1? Talk about the value of each coin.

## English

Create a fact file about the life of an Inuit, where do they live? What do they do? How do they survive?

## PSHE

Can you write a list of ingredients that make a good friend?

E.g. A jar of kindness,  
A spoonful of listening,  
A can of honesty,  
A tube of trust,  
A carton of patience,  
1kg of forgiveness,  
A box of encouragement,  
A bag of loyalty,  
and a bottle of fun.

## Geography

Create your own world map poster and identify whereabouts the UK, North Pole and South Pole are
