Home Learning Spring 1

Tell your family

are learning about

in class. Find them

on a map & discuss

the similarities &

differences between/

climates & cultures.

00

00

Î:

about the places we term.

Maths

Personal, Social & **Emotional Development** 

Research information about the UK, Poland, Mongolia or Africa – Share in class within 'Our Wonderful World' theme this

## **Physical Development**

Read your school book, build words with your 'phonic fingers', work on your personal target & learn the words in your 'learning tub'.

Communication & Language

The World

Make a junk model rocket - Imagine it can launch from planet Earth and fly to the moon! Send photographic evidence of the process using the 2simple email link.

Write a list either a shopping list for the family or perhaps a list of countries from a World map.

**Expressive Arts** & Design

Help your family to sort the clean washing. Can you find the matching pairs of socks?

Year: Reception

Try a few of these activities at home.

Go for a bike ride or use a scooter or skates in the park. Explain to your family how to keep your heart & body healthy.

Cook some food (sweet or savoury) linked to a part of the UK, Poland, Mongolia or Africa. Send photographic evidence via 2Simple.

Play a dice-based board game with your family. Remember to count carefully, look out for doubles, follow the rules & take turns.
