

# Pick 'N' Mix Homework

## Autumn 2

Year 1 and 2

### D&T

Can you create your own snow globe? You could use jam jars, glitter glue and water to create your own winter wonderland in your hand! Try to use recycled resources where possible.

### Geography

If you could go anywhere in the world for the winter period where would you go? Create a travel brochure or guide to share with your class! You could go to the North Pole or Hawaii!

### Art

Can you create your own firework inspired artwork using a computer or tablet?  
Can you create your own holiday decoration to decorate the classroom?

### English

While walking through the autumn leaves you find a glowing box. Write a story about what you could have found and the adventures you could have!

### PSHE

What do you and your family celebrate during the winter months? Create a poster to share with the class about what you and your family celebrate. You could include traditions and decorations you use.

### History

Interview an older relative or family friend about how traditions and celebrations have changed over the years. You could be a news reporter and make a video!
